

## WHAT YOU NEED TO KNOW ABOUT OVERDRAFTS AND OVERDRAFT FEES

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have **standard overdraft practices** that come with your account.
2. We also offer **overdraft protection plans**, such as a link to another account, which may be less costly than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our **standard overdraft practices**.

### > What are the **standard overdraft practices** that come with my account?

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We will not authorize and pay overdrafts for the following types of transactions without your consent.

- ATM transactions
- Everyday debit card transactions

We **pay overdrafts at our discretion**, which means **we do not guarantee** that we will always authorize and pay any type of transaction. **If we do not authorize and pay an overdraft, your transaction will be declined.**

### > What fees will I be charged if INSOUTH Bank pays my overdraft?

Under our standard overdraft practices:

- We will not charge you a fee if your account is overdrawn by \$5 or less on any given day.
